

Supplemental information for The September 8th – 10th 2023 @ Eagles Canyon Raceway, Decatur, TX

All,

We are looking forward to our upcoming race at ECR and wanted to make sure that everyone had all the information they needed:

- **Safety**

- Please make sure that no unsupervised minors drive scooters, golf carts or other motorized vehicles around the paddock area. ECR has had some close calls and incidents on some recent events and wants to make sure we do not have any problems.
- The speed limit in the paddock and false grid areas is 7 MPH.
- ECR has come under pressure from its insurance carrier regarding the direction of travel in the paddock and entering/exiting the racetrack. All participants must follow the direction arrows when entering or exiting the racetrack.

- **Track Access/Paddock Parking**

- The ECR Paddock has been enhanced and it is currently undergoing more improvements. Additional concrete has been poured around member garages that creates new paddock parking. The attached map illustrates how we intend to use the new area to make room for everyone. We understand the social aspect of the weekend and will try to accommodate racers who wish to paddock together; it will be easier should you arrive together.
- Access to the facility will be limited until after 3:00PM on Thursday September 7th and there will be NO Entry. Safety concerns will not allow any staging or parking on FM 51 or the Track driveway entrance area. **Please do not arrive before 3:00PM.**
- Several multi-car teams with large trailers (Speedstar, Bigger Hammer, and Barron) will be given paddock entry at 1:30PM as they each have assigned spaces.
- **Paddock Marshalls will direct field parking and release to the paddock area. Please note that we need to have one car per paddock slot.**
- We expect to have parking and access areas in the lower paddock “chalked off” on Thursday, prior to any arrivals.
- We will have multiple parties to sign waivers and provide wristbands.
 - Once you reach the appropriate paddock area you will be directed by another Paddock Marshall to park in the furthestmost available parking space
 - Should you arrive when the gate is unattended, it is important that you and your crew/guests still sign the track waiver. It will be available at Tech during open hours.

- **Track Damage Insurance**

- CVAR provides Track Damage coverage for all our entrants included in the entry fee for the event.
- The coverage protects you for any monetary damage to the ECR facility (oil spills, barriers, etc.) over the race weekend up to \$2,000. Any damage to the facility beyond the \$2,000 limit would be the responsibility of the individual.
- We included the Track Damage Form along with this information on the last page. CVAR will complete this form and provide it to you to you should an incident you caused require additional funds from you to repair.

- **Showers at the Track**

- For those staying overnight at the track, the showers in the main Clubhouse Building will be open at 6:30AM and will remain open until 10:00PM on Thursday, Friday, and Saturday evenings.
- The bathrooms and showers in the Middle Paddock are still under construction and are not expected to be available for our use this weekend.
